Introduction

Siam was founded on the core belief that liberal education is key to the progress of society and civilization. For centuries, higher education institutions have played a fundamental role in initiating new thoughts and causing fascination discoveries.

We strive to provide forward-thinking and outward-thinking students with the means to build a solid foundation for their future while enjoying a complete learning and social experience. Teaching methods, such as problem-based learning, case studies and cooperative education, are designed to encourage students to express their creativity and develop their intellectual potential as well as better prepare for the future career.

In 1995 the International College was established with the objective to give both Thai and international students the means to prepare themselves for a career in an increasingly multi-cultural society. It provides a truly international learning environment and activities in the setting of new and dynamic ASEAN Economic Community.

Find out through these pages which program may fit for your plans and requirements. We hope that the information here presented will be beneficial to prospect students, visitors and anyone who wish to know more about SIAM.

Dr. Pornchai Mongkhonvanit
President
Message from the Dean

Master of Business Administration Program (MBA), Siam University, was established in 1986. This Program is dedicated to provide an outstanding MBA education at affordable costs.

Throughout our history, The Graduate School has graduated several thousands of top executives of business and government enterprises, as well as a large number of startups.

Our MBA graduates have become proactive leaders with sound vision, innovative minds and high professional integrity. The wide range of MBA programs prepares students to succeed in both the private and public sectors in the New World of Technology.

Students who graduate from Siam University MBA English Program are well-prepared for work in the international business environment. They will have mastered both the business principles and the qualitative ways of making decisions, in business and government.

Dr. Vijit Supinit

Dean
Admission

There are two methods for admission at Siam University:

1. Transfer from an accredited university or college
2. By earning a passing grade on the Entrance Examination. The Entrance Examination is available prior to each academic term.

Transfer of Credits

Credits previously earned elsewhere may be transferred for subjects that are similar in both institutions’ curriculum. The application for transfer of credit must be initiated and completed during the first year of study in Siam University! Students should submit [1] a request for transfer of credit (a template is available at the MBA office), along with [2] the course outline from previous institution’s curriculum. Only credits for courses where the students has earned a “B” grade or above will be considered for transfer.

Qualifications

An applicant has completed Bachelor’s level from an accredited institution and has proficient in English or Chinese.

1. Clear record of good behavior (criminal record)
2. Good physical health and mental health without any communicable diseases (exceptions may be made following the recommendation of a medical doctor)
3. Having good behavior and good conduct
4. Working knowledge of English and Mathematics
5. Documents and fees for application for entrance examination
6. Application fees of 300 Baht
7. Successfully passing the entrance examination. Siam University administers the entrance examination to determine the candidate’s proficiency in the following subjects:
   a. English Comprehension
   b. English Grammar

The candidates who are not able to demonstrate a working knowledge of English will be required to take one or more Foundation English courses in their first semester.

**When to Apply**

Applicants are welcome all year round. The academic year runs from August to July. It is divided into 3 fifteen-week trimesters. Then, apply in:

<table>
<thead>
<tr>
<th>Trimester 1</th>
<th>Trimester 2</th>
<th>Trimester 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Apply between May 1 and August 20</td>
<td>Apply between September 1 and December 20</td>
<td>Apply between January 1 and April 20</td>
</tr>
<tr>
<td>Class begins mid-August</td>
<td>Class begins mid-January</td>
<td>Class begins mid-April</td>
</tr>
</tbody>
</table>

**How to join the program**

There are 2 methods as follows:

1. **Application at Siam University**
   - An applicant can apply at Siam University directly at our admission centre which is located on 1st floor, 19th building. The next step is to be interviewed by Dean of the Graduate School of Business or a lecturer of the program.

2. **Application from abroad**
   - An applicant sends an application form (download or apply online with supporting evidences to the International Affairs Office at Siam University; the address is 38 Petkasem Road, Phasicharoen, Bangkok, 10160, Thailand.)
• The application fee is 45 US dollars, payable via bank draft or bank transfer. Below are the bank account details for fee payment. Afterward e-mail the transfer slip showing the name of the bank. The amount and date of transfer.
  
  i. Account name: Siam University  
  ii. Account Number: 159-2-00129-9  
  iii. Bank Name: TMB Public Company Limited  
  iv. Branch: Siam University Sub Branch  
  v. Swift Code: TMBKTHBK

• The Admission Committee reviews the application file and, if satisfactory, provides the applicant with the invitation letter to apply for visa.

• The student can apply for visa (non-immigrant, category ED) at the nearest Thai Embassy or consulate as normally indicated in the invitation letter.

• Finally, the applicant finalizes admission and registers at the University campus in Bangkok.

**Remark:** The application can also be made directly to the Graduate School of Business. At the following address of The Graduate School of Business, mba1@siam.edu, vijitbot@email.com or vijit@siam.edu Tel. +662-8686866 or +662-4570068 ext. 5336, 5339. **The Admission Center**, Tel. +662-4570068 ext. 5151.
The Curriculum

Master of Business Administration 2017, Siam University
Thai, English and Chinese Programs

The Major Areas of Concentration:

1. Marketing Management
2. Financial, Banking and Investment Management
3. Human Capital Management
4. International Business Management
5. Hotel Tourism and Service Business Management
6. Industrial Management
7. Digital Communication Management
8. Technology and Innovation Management
9. General Management

The MBA Course Requirement

An academic year starting in mid-August consists of 2 semesters of 15 weeks each and a summer semester of at least 8 weeks in which the duration of study of each subject is equal to that of a normal semester.

To complete the study, the total credits earned must be at least 42 credits (or 14 subjects). An Independent Study or Case Study is equivalent to 3 credits and a thesis 12 credits.

Duration of Study

Students must complete all the requirements for the degree within 5 academic years from the date of enrollment. Any extension can only be made within the University regulation. However, the minimum period to complete the degree requirements must not be less than 1 academic year. The GPA of a student must not be lower than 3.00 from the total of 4.00
The Structure of the Program

The MBA program offers 2 options; a thesis option (Plan A) and a non-thesis option (Plan B)

Plan A, (Thesis Option)

Students must complete the curriculum of 42 credits, consisting of 30 credits of required course, with the GPA of at least 3.00 and out of 4.00, and 12 credits for the thesis. The students must submit the thesis to a committee appointed by the University and pass the oral defense of the thesis. An academic article derived from the thesis must be published in an academic journal acceptable to the Ministry of Education or to be presented in a national or international academic conference and the article must be published in the conference proceedings.

</tr>
<tr>
<td>4. Elective courses of the major area of study</td>
</tr>
<tr>
<td>5. Thesis</td>
</tr>
<tr>
<td>Total credit</td>
</tr>
</tbody>
</table>

Plan B, (Non-Thesis Option)

Students must complete the curriculum of 42 credits, consisting of 39 credits for required courses and 3 credits for the Independent Study or Case Study, with the GPA of 3.00 out of 4.00.

The student must pass the oral or written comprehensive examination in the field of study and must submit the Independent Study or Case Study report to a committee set up by the University and pass the oral examination which is open to interested parties, and the report or part of the report of the Independent Study or Case Study must be publicized in a way that can be searched.
Plan B, Non-Thesis Option

Course Composition:

Foundation Courses:

The remedial or foundation courses are set for students who have graduated with majors other than business administration major or graduated with business administration major but whose academic background lacks the qualifications as specified by the graduate school committee. Such students must study the prescribed remedial course without credit and the study result shall be either S or U.

- **500-600** Introduction to Economics 3(3-0-6)
- **500-601** Basic Financial Accounting 3(3-0-6)
- **500-602** Quantitative Method for Management 3(3-0-6)
- **500-603** Technology Application in Business 3(3-0-6)
- **700-100** Foundation English for Graduate Study 3(3-0-6)

Core Courses:

Students must study 8 core course or 24 credits, divided into 2 groups as follows:

**Compulsory core course:** 5 courses or 15 credits.

- **500-610** Marketing Management 3(3-0-6)
- **500-611** Financial Management 3(3-0-6)
- **500-612** Organizational Behavior 3(3-0-6)
- **500-613** Strategic Management and Corporate Governance 3(3-0-6)
- **700-111** Research Methodology for Social Sciences 3(3-0-6)
Selective Core Course: to select 3 courses or 9 credits.

- 500-614 Managerial Economics 3(3-0-6)
- 500-615 Principles of Management 3(3-0-6)
- 500-616 Managerial Accounting 3(3-0-6)
- 500-617 Human Capital Management 3(3-0-6)
- 500-618 Technology and Information Systems Management 3(3-0-6)
- 500-619 International Business Management 3(3-0-6)
- 500-620 Logistics and Operations Management 3(3-0-6)
- 700-201 English for Graduate Study 3(3-0-6)

Course to be taken at the end of study plan:

Plan A

- 500-630 Thesis 12(0-0-540)

Plan B

- 500-631 Independent Study or Case Study 3(3-0-135)
- 500-632 Comprehensive Examination no credits

Plan A

Students must register 8 core course (24 credits) and 2 elective courses (6 credits) in the same study group with the GPA of at least 3.00. After that, the student must submit the title of thesis for approval and must pass the thesis examination. The total time taken for study must not exceed 15 semesters.

Plan B

Students must register 8 core courses (24 credits), 3 elective courses (9 credits) in the same study group and 2 free elective courses, making a total of 39 credits. Alternatively, students can select to register 2 groups of study of 6 courses (18 credits), making a total of 42 credits. Students must also register to study Independent Study or Case Study. Students must obtain the GPA of all courses including Independent Study or Case Study of at least 3.00 out of 4.00. The total study period must not exceed 15 semesters.

Comprehensive Examination

Plan B students must pass the comprehensive examination with the grade S. The examination requires the analysis of a case study by utilizing key subjects of business
administration, i.e. Marketing Management, Financial Management and Strategic Management and Corporate Governance. Students are eligible for 2 comprehensive examinations and failure to pass the second comprehensive examination will result in the end of student status.

Role and responsibility of managers in the management of human capital, covering ethics, planning, recruitment, training and development of human capital. The study of the concept and system of evaluation and the management of pay, benefits and other remuneration.
Technology and Information Systems Management 3(3-0-6)
Utilization of information technology to gain greater sustainable creativity, efficiency and effectiveness from operational and managerial systems, the components of information system for management, the roles and functions of information system for management strategy for business and technology. Technology planning and transfer, design of the organization and development of technology.

International Business Management 3(3-0-6)
Philosophies and principles of international business management with comparison of transnational firm’s organizational systems, management of operation systems, planning and transnational control, human resource policy, business environment as well as study various issues relating to efficient management of policy and operations of international business. Process of international business negotiations, protocol, success factors and tactics.

Logistics and Operations Management 3(3-0-6)
The analysis and design of production systems in decision making context, principles of organization of various resources for production and conversion into goods and services, the delivery of productive resources, goods and services in various stages with efficiency and effectiveness, to enhance the ability to analyze and make decisions, strengthening competitiveness in different environments, planning and management of production, productive sequencing, quality management, logistic management and technology management of product and process.

Research Methodology for Social Sciences 3(3-0-6)
Research Methods in social sciences including both qualitative and quantitative research, research design. Research tools, random sampling, data collection, and data analysis. The use for statistics in research, writing a research report, assumptions and hypothesis testing. Using research results
for decision making and references, as well as the ethics involved in the research.

700-201 English for Graduate Study 3(3-0-6)

The English language for the purpose of writing, reading, and academic searching by coaching skills of writing, reading, listening, speaking and presentation techniques in order to write academic papers and to develop their own academic continuity. Using international recognized standard test to evaluate the English performance in each reference skills.

Course to be taken at the end of study plan:

500-630 Thesis 12(0-0-540)

Select topics or problems of interest for students to do a research which relates to subjects of concentration by using a research methodology.

500-631 Independent Study or Case Study 3(3-0-135)

Select topics or problems of interest to students study in the subjects of concentration which may include doing a business plan, working system development and giving recommendation. Then, present by report writing.

500-632 Comprehensive Examination no credits

To test the knowledge and the ability to apply the knowledge and the learning experiences in the prescribed related fields of study to the implementation or research. Comprehensive examinations can be either oral or written or both, in the prescribed areas of study.

Elective Course:

500-622 Co-operative Education 6(3-36-0)

Students will be trained as a temporary employee for a semester in a workplace. Then, they must present their performance results to a co-operation educational advisor and a co-operation employer from the workplace.
501-610 Distribution Channels and Logistics Management 3(3-0-6)
Marketing channel for merchandise and services, effective and efficient distribution network for goods and services, concept for logistic management, customers servicing, information systems, management of inventory and direct sale strategy, Multi-level Marketing or Network Marketing, using case studies.

501-611 International Marketing 3(3-0-6)
Concepts of marketing management in international businesses for planning and determining relevant strategies consistent with international market environments. Subject content covers the analyses of market differentiation, political, legal, economic, financial and cultural environments and consumer behaviors in the foreign countries. Organization planning for operations, and also the determination of marketing mix strategy for foreign markets.

501-612 Marketing Research 3(3-0-6)
Research process applied for research conduct in marketing decision making, i.e. a sampling selection, a survey, an interview, data collection via post, telephone and other data collection, data analysis, research writing by study from previous marketing research and then an exercise in writing research reports.

501-613 Marketing Communications and Customer Relations Management 3(3-0-6)
Key principles, strategies and tactics of Integrated Marketing Communications (IMC), emplacing an on-going, interactive, cross-functional process of brand communication planning, execution and evaluation, and exploring the various methods of communications, including advertising, sales promotions, direct marketing, public relations, interactive and interpersonal contact, Examine the synergistic effect across communication approaches and the perspectives of all relevant stakeholders in such a way that brand value is maximized. Electronic commerce concept, planning electronic commerce strategy, various technology concerning the security system and payment system, legal framework for electronic commerce, the application of electronic commerce in various business activities, advertising and market promotion, including Web design, website advertising, strategy and factors leading to success.

Financial Strategy and Tax Planning 3(3-0-6)

Principle of financial management, and financial control of a company, both long term and short term. Principles of loan, investment and risk analysis. Implication of financial structuring and dividend payment policy. The roles and importance of taxes on strategic financial planning of a company. The study of tax to determine the company structure and investment in the appropriate assets. Using case studies.

International Finance and Banking 3(3-0-6)

Key concepts in international financial business management. International Monetary System, balance of payments, foreign exchange market. International parity conditions, financial risk management, currency futures and options, exchange rate risk in trade settlement and business operations, translation risk in financial statements. Funding from international debt markets, and from international equity market, foreign direct investment,
international portfolio investment, international capital budgeting, and international working capital management.

502-612 **Real Estate Investment** 3(3-0-6)

502-613 **Financial Reporting Analysis** 3(3-0-6)

502-614 **Applied Corporate Finance** 3(3-0-6)

To study the structure of financial knowledge and instruments in corporate finance. Case studies about financial statement analysis, working capital management, Decision making for long term investment, funding structure analysis, dividend payment policy and company valuation. Capital mobilization concept to create corporate growth, merger and acquisition, corporate risk management, roles and importance of tax in corporate strategies. Implication of tax structure in determining corporate structure and capital investment in assets consistent with corporate business. Testing of the theory and concept in Financial Laboratory.

502-615 **New Financial Innovations** 3(3-0-6)

To introduce students to financial innovations and new products in the financial system, providing a general understanding of the financial evolution
process, the causes and consequences of financial innovations, and the cost
and value of these innovations, covering such topics as theory of financial
innovation, the financial engineering process, birth and growth of new
financial products, (Including Fintech and BlockChain) financial innovations
and new debt, equity and derivative products, and the role of these new
financial instruments in financial, investment and risk management.
Motivations of financial innovation and methods to design financial
instruments to solve complex financial problems and enhance investment
returns.

502-616 Financial Management for Medium and Small Scale Business 3(3-0-6)
Principle of credit management for retail customers, credit analysis for a retail
customer, financial products and interest rate calculation for retail customers.
Basic legal knowledge about contract laws and loan collaterals. Debt follow-
up, collection process and management of non-performing loans.

502-617 Risk Management 3(3-0-6)
To identify, assess and prioritize risks (i.e. the effect of uncertainty on
objectives), to be followed by coordinated economic application of resources
to minimize, monitor and control the probability and/or impact of
unfortunate events or to maximize the realization of opportunities. The
objective of risk management is to assure that uncertainty does not deflect
the endeavour from the business goal.

502-618 Money and Capital Markets 3(3-0-6)
Concept of short term and long term funding for business purposes.
Mobilization of short and long term funds in the money market, issue of short
and long term financial instruments. Mobilization of long term funds in the
capital market, structures of capital market, money market and financial
institutions in Thailand. Floating of equity. Investment in the stock and
money market. Investment concepts and methodology in each market. )This
subject is useful for students in their preparation for Single License
Examination: CFP Module 2.
502-619  **Equity and Bond Analysis**  
3(3-0-6)  
Basic principles in equity analysis, common stock valuation by dividend discount model (DDM), by free cash-flow (FCF) model, by residual income (RI) model, and by relative approach. Warrant valuation method, common stock valuation for listed companies classified by types of industry, equity portfolio management, Basic knowledge about bonds and their investment channels, valuation of bond and their returns. Risks in bond investment and measurement of bond price fluctuation. Return rates and return rate lines and bond investment strategies. (This subject is useful for students in their preparation for SIC : CISA level 1, CFA level 1)

502-624  **Derivatives Analysis**  
3(3-0-6)  
Overview of financial instruments called derivatives, future/forward contracts, options and other forms of derivatives. Development of derivative markets in Thailand. Pricing analysis concepts for derivatives. Future contract analysis, options analysis. Risk management in derivatives investment, buy/sell mechanism and investment techniques in derivatives, Thailand Futures Exchange (TFEX) Market: SET 50Future, SET 50Options, Stock Futures, Stock Options, Gold Futures, Interest Rate Futures, Agricultural Futures of Thailand (AFET) Market. (This subject is useful for students in their preparation for Derivatives License Examination: CISA level 1, CFA level 1)

502-625  **Investment Planning**  
3(3-0-6)  
To study how investment can create business and personal wealth. Risk and return analysis for single stock/security and for a portfolio. Portfolio theory and stock and financial instrument valuation models. Principle of investment by using fundamental and technical analysis. The analysis of investor’s behavior, asset allocation, and investment planning and portfolio management. (This subject is useful for students in their preparation for single license and CFP Module 2 Examination)
502-627 Insurance, Tax and Inheritance Planning 3(3-0-6)

Basic knowledge about insurance planning, risk management, general insurance, life insurance, health insurance, casualty insurance. Preparation of an insurance plan. Meaning of tax planning, roles of financial planners in various types of tax planning. Applications of tax planning and case studies. Inheritance planning concept, basic knowledge about inheritance, will, planning process for inheritance, inheritance tax. Tax and insentience planning. Techniques in financial statement analysis and financial project. (This subject is useful for students in their preparation for CFP Module 3 and Module 5 examinations).

502-630 Personal Wealth Management 3(3-0-6)

Basic knowledge about financial planning. Financial tools for management of personal wealth and liquidity, time value of money. Collection and analysis of personal financial information. Basic knowledge of personal income tax; basic financial information for personal income tax calculation and payment. Preparation of a financial plan, basic knowledge about retirement planning, social security program, government pension fund (GPF), provident fund, mutual funds for retirement (RMF). Risk management in retirement planning, investment for retirement planning, retirement planning process for an individual person and for a business owner. Roles and importance of financial planning for retirement planning. (This subject is useful for students in their preparation for CFP Module 1 Financial Planning and CFP Module 4 Retirement Planning examination).

503-610 Information System for Human Capital Management 3(3-0-6)

Information systems for human resources management i.e. computer program, database system, data security system, employee’s evaluation system, design and development of computer software for effective human resources management.

Analysis of legal problems and issues affecting international business.

Logistics and Supply Chain Management 3(3-0-6)
The development of logistics system and supply chain to support strategy of business organizations, taking into consideration overall activities such as communications, inventory management, warehouse management, transportation and plant location. The analysis of the impact of logistics and supply chain on efficiency of business.

Doing Business in ASEAN Plus Three 3(3-0-6)
Preparation and searching for business opportunities in the ASEAN countries, especially around Thai border, including the Plus Three Countries (China, Japan, Korea) that ASEAN have free trade agreements (FTA) with. The emphasis is on the study of the economic systems and business operations in the ASEAN Plus Three Countries which are targets of Thai business, especially in trade, finance, investment, manpower and resources mobility, in particular working opportunities in architecture, engineer and health services which are now open in ASEAN.

Information Technology for Hotel and Tourism 3(3-0-6)
Information technology for hotel and tourism management which supports making decision for management and customer service with effectiveness.

Facilities Management 3(3-0-6)
Applying concepts and theories in the management of organization to the management building, i.e. management process, the setting up of work units with responsibility to manage the building, procuring and controlling
equipment’s, compiling reports and preparing plans, finance, budget, contract documents, publicity, crisis management, improvements and making assessment.

505-612 MICE and Tourism Management 3(3-0-6)
This course examines the lucrative MICE industry (meetings, incentives, conventions, and expositions) that caters to the needs of business travelers, festivals and events (ranging from mega-events to community celebrations) that serve as tourist attractions for pleasure travelers. The role of an expert convention planner, destination management companies, hotel and related industries and organizations, incentive tourism strategies and the importance of e-tourism.

505-613 Planning and Development of Sustainable Tourism 3(3-0-6)
Process of management of tourism that have sustainable impacts to the environments and the ecosystem. The relationship of tourism to economic, socio-cultural and physical environments. Development tourism destination and the concept of sustainable tourism.

505-614 Service Quality Management in Tourism and Service Industry 3(3-0-6)
Management and methods of providing service quality in tourism industry to be highly responsive to customer needs, principles of continuous service quality development, quality rating, analysis and application of service strategy, development of service system to include training of manpower involved.

505-615 Marketing Strategy for Hotel Tourism and Service Business 3(3-0-6)
Theory of direct marketing and service marketing for practical use in the hotel and tourism industry. Concepts include marketing mix components of products – presentation communication and distribution – customer retention, service deliveries, systems and internet – based strategic marketing for hotel and tourism applications.
Strategy for Hotel Tourism and Service Business Management 3(3-0-6)
Business practice of sustainable management strategy for international hotels and hospitality, system to manage international hotel chain, learning the tools to analyze and solve problems in hospitality management, including the study of cost and the basics of revenue management, in including risk in the hotel industry and learn how to apply pricing and length-of-stay tools and how to measure revenue management performance.

Project Feasibility Study and Administration 3(3-0-6)
Project feasibility analysis; significance of effective stakeholder; communication within the project; technological analysis; strategies for project team selection; the analysis of hiring life cycle; procurement; internal project strategy; cash flows analysis; the dissemination of WBS into cost breakdown structures and the effect of cost structures on bidding and contracts with other organizations outside of the project team.

Total Quality Management 3(3-0-6)
Philosophy of total quality management. Principle of continuous quality development. Principal tools used in the process of quality development. Factors affecting quality and the search for causes and reduction of causes affecting quality. Quality standards such as ISO.

Operations Strategy 3(3-0-6)
System of auditing strategic operations, to check the balance between business strategy and business potential fundamental operational structure of business with the aim to reduce the costs and time of operations and increase quality of operations.

Manufacturing System Planning 3(3-0-6)
Planning and production of industrial products. Project management, control of inventories, overall planning, management of networkers, the analysis of production system by studying the various model of different manufacturing systems, measurement methods of efficiency of production process,
inventory system during process of production. Control of problems in the production process, as well on corrective measures.

507-610 Modern Business Management 3(3-0-6)
To study the impacts of new technologies and media on management of modern business which has numerous varieties and there is a significant shift in favor of the customers, who now have more control of the relationship than ever, and technology has brought in new media channels and cultural norms. The role of business and management has altered in accordance with the changing scope and role of management. This course also includes the ability of sense making, cross culture, new media literacy and 21st century professions such as Data Scientist and Big Data Analytic.

507-611 Decision Support Systems and Negotiations 3(3-0-6)
Management science techniques for informed decision making and to develop skills in negotiations. Topics will include regression analysis, the most suitable decision models, the application and sensitivity analysis. Data trees, risk analysis and business simulation models. Emphasizes will be on digital including telecommunications managerial problems, model development and the use of software packages for decision support.

507-613 Digital Product Development 3(3-0-6)
To broaden the professional knowledge regarding managing and developing information and communication technology products. It includes business process framework and information framework. The applications of information communications technology to be used in practical terms in organization planning, national planning and integration in the society.

507-615 Information and Communication Technology for Global Competition 3(3-0-6)
The study of the use of information and communication technology to gain and secure competitive advantage, the use of information and communication systems to sustain effective positioning in an industry; convergence of communication industries that can change the industry.
508-610 Big Data Analysis

Demand and sources of Big Data. Selection and processing and presentation of information that changes constantly, both in the quality, diversity and dynamics. Scientific analytical techniques the analysis of data in electronic media and web, Techniques in the construction of knowledge from database and sources of information in social media.

508-611 Information System for Decision Making

Models and instruments needed to help make decision. Identify an organization’s information needs. Learn how to determine the information technology and application systems that support those needs and deliver competitive advantage at all levels, from operational to strategic, including to resolve issues involved in acquisition, deployment, and operation of information systems.

508-612 Knowledge Management and Learning Organization

Knowledge management concepts, knowledge types, transmission of knowledge, Using technology for design and development of knowledge and intellect of people in an organization, knowledge management problems, success and failure factors in development of knowledge management system by using case studies.

508-613 Management of Information Technology Project

Project Planning and scheduling, process design, project management and coordination to understand the factors necessary for successful management of system development or enhancement projects. Both technical and behavioral aspects of project management are analyzed. Management of the systems integration issues; metrics for project management and system performance evaluation; managing expectations: superiors, users, team members and others related to the project; determining skill requirements and staffing the project; cost-effectiveness analysis: reporting and presentation techniques; and effective management of both behavioral and technical aspects of the project.
508-614  Artificial Intelligence  3(3-0-6)

508-615  Information Business Management  3(3-0-6)
Theories and concepts of management applicable to information business, such as telecommunication service, software, information provider, business research, news and entertainment service, and education and training. The study will focus on the nature and value of information, the organization of information-based business, information marketing, information technology, and information project evaluation. Workshops to enhance practical skills will also be included.

508-616  Cyber Security Management  3(3-0-6)
Control and data classification cryptography and risk management. Design and creation of disaster recovery plans, computer policies and standards, system security architectures and physical security controls. Legal aspects of computer security: auditing in a secured environment and managing as a day-to-day security administrator. In-class projects will focus on security management in mainframe, midrange and network environments as well as research assignments and basic policy creation.

509-610  Entrepreneurship and Business Innovation  3(3-0-6)
Meaning and development path in becoming entrepreneurs, development of creativity and attribute of entrepreneurs. Problems of SME business, searching for business opportunities, business plan and search for innovation and process of innovation for applications for commercial purposes.
Evaluation and Graduation Requirements:

Evaluation and Graduation

1. Evaluation must be made for every course that students register in each semester. Evaluation can be made during the semester by a test, report, assignment or any other means, and at the end of the semester by an examination or by any mean of examination suitable for each course.

2. Evaluation can be measured by symbols representing credit figures as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Definition</th>
<th>Numerical Equivalent</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4.0</td>

<td>Awaiting result during the process of research for Thesis, Independent Study or Case Study.</td>
</tr>
</tbody>
</table>

Incomplete when students fail to take part in the examination due to situation beyond control or fail to complete assignment. To change I into a grade must be done within the following semester. Failure to do so will
result in an automatic F result which has to be recorded and calculated in the GPA.

S Satisfactory is used for non-credit course.

U Unsatisfactory is used for non-credit course.

AU Audit means registration to attend a course without credit.

P In Progress for courses in progress and with no evaluation within the semester that students register. P will be changed after evaluation which must be made within the next 2 semesters. Beyond this time, P will be changed to F or U.

W Withdraw means withdrawal within the mandatory time limit when students request to do so or ordered to do so.

X Awaiting result during the process of research for Thesis, Independent Study or Case Study.

3. Evaluation of result of comprehensive examination, thesis, qualification examination and foreign language examination is as follows:

S Satisfactory means satisfactory result or pass.

U Unsatisfactory means unsatisfactory result or not passing the comprehensive examination or qualification examination in the second examination. For foreign language examination, there is no limit.

4. Passing grade for each course must be the following:
   a. For compulsory core course, the grade must not be lower than C. If lower, students must register for the same subject until the grade not lower than C is obtained. In case of selective core courses, the same or another selective core course can be selected so as to obtain the grade not lower than C.
   b. For elective courses or free elective courses which obtain grade D or F, the same courses or different courses can be selected for registration.

5. Calculation of credits and GPA.
   a. Only credits of courses having grade C or higher can be used for credit calculation. The grades for courses having grade D and F will be calculated for that semester and for GPA.
b. In case the student register for any course more than once, the grade and credit must be calculated and used for GPA calculation.

6. Examinations
   a. For registered courses, students must take examination for all registered courses, except audited courses or courses withdrawn officially. Lecturers responsible for the courses submit the grade in official froms to the Graduate School within 15 days after examination.
   b. Comprehensive examination is the written or oral examination in Master Degree Plan B consisting of key and related courses under the responsibility of the Comprehensive Examination Committee.
   c. Thesis examination is an oral examination to test the understanding of the student in the Thesis of Master Degree Plan A conducted by the Thesis Committee, and the thesis work must be published or part of it has to be accepted to be published in a journal or academic publishing or presented at an academic conference which has proceedings.
   d. Independent Study or Case Study report must obtain a grade of C or higher and part of the report must be published in a manner that can be searched.
   e. Comprehensive examination is conducted by the approval of the Graduate School Committee which sets the regulations and procedure for the examination.

Graduation Regulations
Graduation of Master of Business Administration must have the following qualifications:

1. Obtain enough credits as stipulated by the MBA program.
2. Gain a GPA of at least 3.00.
3. For Plan A, having studied all required courses and having obtained a GPA of 3.00 out of 4.00, having presented the thesis and pass the oral thesis examination by the Thesis Committee and the Thesis or part of the Thesis being published in a journal or academic publishing or presented at an academic conference which has proceedings.
4. For Plan B, having studied all required courses, with the GPA of at least 3.00 out of 4.00 and having passed a comprehensive examination. The University may promote the publication of research work in a journal or media or academic publishing or presentation in an academic conference which has proceedings.

5. Termination of Student Status
   a. Death
   b. Resignation with approval
   c. Graduation

   e. GPA lower than 3.00 at the end of each semester when the total credits registered is not yet exceeding half of the total credits of the program.
   f. GPA lower than 3.00 when total credits registered are more than 2 thirds of total credits of the program.
   g. Having studied the full 5 year period permitted.
   h. Not passing the second comprehensive examination.
   i. Having maintained the student status beyond the time allowed by the program.
   j. Sentenced to imprisonment by the court of law, except for light sentences or guilt by negligence.
   k. Having been expelled from university for inappropriate conduct.

Students who apply for graduation must meet all qualifications and meet all present regulations of the University.
MBA Regulations and Requirements

**Visa Renewal**

The international relations office, located on the 9th floor of Building 19, assists international students in the application of student visa and visa renewal.

Student Visa (non-immigrant ED) for 6 month when registering 4 subjects in the first semester and afterwards for one-year when registering for 4 another subjects. Subsequently, visa will be for each semester until graduation.

Four weeks before the visa expires, application documents must be submitted to the international relation office in order to apply for visa extension.

Once The international relation office receives all the documents. The officer will send them to the immigration authorities, which will issue a letter within 3 weeks permitting the requested visa.

Then, the students will need to go in person to the immigration office with the necessary documents (passport, letter from Siam University, fee, etc.) to finalize the visa issue. The visa fee is 1,900 Baht.

**NOTE:** If the students enter Thailand with a tourist visa and need subsequently to obtain a non-immigrant (ED) visa in order to study at Siam University, in most cases, the students must leave Thailand and apply for visa from abroad at the Thai embassy or consulate.

Please refer to the website of the Ministry of Foreign Affairs for up-to-date details: [http://www.mfa.go.th/main/en/home](http://www.mfa.go.th/main/en/home) for more information Tel. 02-457-0068 ext. 5361

**Register Online**

Students not having passwords for registration online can contact the Registration Department Building 12th Floor 1st or can enquire it at 02-457-0068 ext. 5208. Printouts from online registration can be used to make payments at Finance Department Building 19th, Floor 1st or can enquire at 02-457-0068 ext. 5400

**Detail:** [https://home.sis.siam.edu/registrar/login.asp](https://home.sis.siam.edu/registrar/login.asp)

**Remark:** The MBA Students will register online starting from their 2nd semester.
Course Adding Withdrawal

Students may add and or drop one or several courses before the end of the add-and-drop period in the early part of the term, as published in the academic calendar or class schedule, by filling out and processing an ADD-WITHDRAWAL COURSE form. Students are entitled and will not get a withdrawal mark (W), as long as they drop the course before the end of the add-drop period of that semester. Students, who withdraw from a course and add a course at the same time, substituting one for the other, do not need to obtain a refund or make a payment.

The form is available at the MBA Office, fill it out and have it signed for approval by the Program. Then submit the rest to the Registration Department Building 12th Floor 1st or can enquire at 02-457-0068 ext. 5208.

Attendance

Students are expected to attend all classes. A minimum of 80% attendance is mandatory. There are no authorized cuts from classes. Irregular attendance or attendance lower than 80% may result in the loss of the right to sit for the final examination of the respective subjects for which you were excessively absent (e.g. absent more than 20% of the classes).

In case of unavoidable absences, such as illness or death of a family member, all work missed due to the student’s absence must be satisfactorily made up. The student unavoidable absences must be properly documented with an attending physician’s certificate from a duly registered hospital. Failure to provide proper documentation may result in absence.

Examinations

Students who could not take their examination and are willing to take their examination out of schedule by the following reasons:

- Sickness (Doctor Certificate needed).
- Accident (police statement for a needed).
- Work engagement outside Bangkok (letter from the company needed).

Students have to bring the evidence document to MBA officer and do the following Processes:

1. Fill a request form.
2. Obtain the lecturer’s permission.
3. Obtain the approval from the Dean.
4. Wait for the consideration within 2 weeks.
5. Contact MBA office for the examination

If Consideration Not Approved
1. Students cannot take their examination out of schedule.
2. Students automatically get F grade for the subject.

English Proficiency Level for MBA Graduation

In the Siam University Announcement dated June 25, 2016, all MBA Graduates with the ID later than 54 are required to attain the English Proficiency before graduation as follow :-

<table>
<thead>
<tr>

3. When students reach the required Level 9, the test result could be obtained at
   with charge of 100 baths per page.

4. Students can check ELLIS Language Test timetable to be held several times per
   month at facebook: MBA SIAM UNIVERSITY

**Turnitin**

**Standards for Research works**

The President has announced the guideline on December 15, 2016 to use the
Turnitin Program to check all Independent Study (IS) and Thesis to prevent copy of
research works. All research works (IS and Thesis) cannot have more than 25% of
similarity of other sources. Before submitting the research work, students can check with
Turnitin Program at Maruey Library on 6th floor 19th Building, Tel. 02-4570068 ext. 5334
on either Tuesday or Saturday [during 10:00 a.m. - 6:00 p.m.]

E-mail: mbasiamturnitin@siam.edu

**Procedure to Obtain Research Number for Thesis, Independent Study or Case Study**

Thesis and Independent Study submitted to the University for grading and applying
for graduation must have Research Numbers, which can be obtained by the following
procedure.

1. Prepare the soft-files of the IS/Thesis report in both MS Word and PDF formats by
   renaming them, part by part, as per Siam University research database
   instruction. After saving them into a CD ROM, take that CD with the final report
   (hard-copy) and the Data Submission Form (with the MBA Dean's signature) to the
   Financial Lab (opposite to Maruey Library on the 6th floor 19th Building) Tel. 02-
   4570068 ext. 5334 on either Tuesday or Saturday [during 10:00 a.m. - 3:00 p.m.]

2. After pre-checking and CD submission as in item 1, take the final report and the
   Submission Form further to The Office of Research Database Promotion on the
   10th (and a half) floor 19th Building, Tel. 02-4570068 ext. 5327 to submit the
   (hard-copy) report and obtain the research number, on either Tuesday or
   Saturday [during 10:00 a.m. - 3:00 p.m.]

3. Make photo-copy of the completed Submission Form as in item 2 and return
   one copy to the Maruey Library on the 6th floor, and submit the original copy of
the completed Data Submission Form back to MBA Officer on the 3rd floor 19th Building, to be used later to apply for graduation. In case of any question/suggestion, please feel free to visit the Financial Lab or call 081-8224502 (AJ.SakchaiMee Amorntyangkoon) during office hours on Tuesday - Saturday.

**Maintenance of Student Status**

Regulations of Siam University for Graduate Study BE 2549 Article 30.6 stipulate that students, who have not graduated (i.e. their names have not been approved for graduation by the University Council) and do not register in any semester, have to apply to the Registration Dept. to maintain their student’s status until graduation. Failure to do so for 3 consecutive semesters, if the regulations are strictly enforced, students will be liable to have their names removed from the University. One of the main reasons of the Regulations is to encourage students to graduate at the earliest opportunity as many
students have taken over 2 years to submit their Independent Study. The low rate of student graduation seriously affects the quality assurance score of Siam University as evaluated by the Ministry of Education. The fee to maintain student status is Bath 2,000 for semester can be made at Finance Department Building 19th, floor 1st or can enquire at 02-457-0068 ext. 5400

**MBA Graduation Regulations**

After having passed the written comprehensive examination and published or presented the academic article derived from Thesis or Independent Study, students are invited to submit requests for graduation at the MBA Office, the request form for graduation together with following documents.

1. A set of documents relating to the presentation of the article in a national or international conference or a journal showing the publication of the article.
2. Research number
3. Result of turnitin
4. A copy of ELLIS test or TOEFL or IELTS.
5. A set of independent Study document, i.e. the cover, abstract and the page with certified acceptance with the Dean signature.

**Registration Department:**

1. 3 copies of passport paper
2. 1 copy of Bachelor Transcript
3. 4 one-inch photographs (Black and white color with wear the MBA gown)
4. 1 copy of name or surname changed document (If any)

**Registration fee 150 Bahts.**

**Graduation fee for attending the graduation ceremony 3,900 Bahts.**

**Graduation fee for Not attending the graduation ceremony 2,200 Bahts.**
Please contact The Registration Department Building 12th, floor 1st or can enquire at 02-457-0068 ext. 5208.

**University Resources and Facilities:**

The University has many resources and facilities on-campus for students. Conveniently located and easy to find, all University facilities are open during most of the day. Please check the scheduled operation hours for details.

**Financial Lab – Located on the 6th Floor in the 19th Building.**

Financial Lab, established with the cooperation of the Stock Exchange of Thailand to be the center for financial education for students, investors and the general public especially in the Thonburi areas. With the Maruey Library and Financial Lab, MBA organizes “Easy Finance Talk” series several times a year to educate students, investors and the general public in the financial and capital market practices. In addition, the lab is used for training courses for financial and investment professionals. The Lab also provides real time information and data in business, finance, stock exchange trading to students and investors to do researches with several programs, e.g. E-Finance Smart Portal from online SET Smart program and database. In addition, the Financial Lab also provides Ellis English Language Learning Program, valued at more than Baht 10 million provided by the Stock Exchange of Thailand to help students develop and test their English Language Proficiency.
Maruey Library – Located on the 6th Floor on the 19th Building.

The MBA library is called “Maruey Knowledge and Resource Center”, established in 2010 with the close collaboration between Siam University and The Stock Exchange of Thailand (SET). This library is considered one of the best state of the art library facilities providing resources mainly for MBA and other graduate students. The library is one the 5 resource centers established as the model of modern resource center in the name of Dr. Maruey, who was the 5th president of Stock Exchange of Thailand. The first Maruey Library was established at the Stock Exchange of Thailand to provide the general public with up to date knowledge of financial investment, when Dr. Vijit Supinit, Dean of The Graduate School of Business, was the Chairman of the Stock Exchange of Thailand.

The philosophy of this library is to provide a place where students can study in the comfortable and pleasant environments where students can study in a relaxed atmosphere with coffee shop facilities.

The library has books, Internet facility, famous local and international contemporary magazines, such as the Economist, Forbes, Money and Wealth, National Geographic, The Harvard Business Review, newspapers in Thai and English and etc. It also keeps other journals including Siam University Newsletter for students of Siam University to learn about university activities and to follow new issues and problems of the world.

There are also other books available, such as Chinese culture and linguistics. The library receives most of the book supply from SET. The library also stocks MBA theses and Independent Studies of former students, so that new students can read those theses and Independent Studies and understand the procedure of writing theses and Independent Study.
The library also organizes regular “Easy Finance Talk” Programs with the support of MBA department, by inviting experts and professionals from the business and financial industry to enlighten the minds of business students with new knowledge and contemporary business paradigms.

This library has several permanent staff always available to help and guide the internal and external visitors from Tuesday to Sunday.

*The library has following rules for internal and external visitors:*

The students of Siam University can borrow 4 books for 7 days at any time by paying membership fees of 100 Baht/Year.

The students of Siam University can access books and internet facility at the library. External visitors who would like to borrow books have to pay membership fees of 1000 baht/year and they can borrow 4 books at a time as well for 7 days. *External visitors can pay 400 Baht/Year to use library’s internet facility.*

**Timing:**

Tues- Fri (10:00 am to 18:00 pm)

Sat and Sun (9:00 am to 17:00 pm)

All Public Holidays and University Holidays closed.

**Digital Central Library**

This library main university is the one of the most important facilities for all at Siam University. The library is located at 12th Building of Siam University just above the registration office. The library covers a wide range of subjects including Business, Politics, Engineering, Arts, Hospitality, Medical science and Nursing, as well as a big selection of journals and periodicals. The library because of its very strategic location is also called “Academic Resource Center”. It has more than 30,000 books available in Thai and English languages, It can also accommodate more than 500 students at the same time. The library facilitates borrowing of books, CDS and Theses in Thai language.
The library has been recently modernized with pleasant environments and equipped with a very sophisticated computerized database so that students can search for their books with the book title through desktop systems.

Students can also entertain themselves at several individual sound stations or with one free movie show every day upon request, mainly in the afternoon.

The library lends books to university students for the duration from 7 to 30 days depending on the importance of the subjects and the demand of the books. It will charge a late fee of 5 Baht per book per day.

The library staff can speak Thai and English fluently in order to assist both Thai and international students.

**Timing:**

Mon-Saturday (8:00 am to 19:00 Pm)
Sunday and Public Holiday Closed.

**Computer Center**

The computer lab is located at 15th building of Siam University near the 12th building and beside the main canteen of the university. The computer lab is also called internet lab because most of the students in Siam University use this facility for internet access for their routine academic and non-academic tasks. Students could even use the internet as a replacement for textbooks and reference books as it contains the main source of knowledge.
This facility is one of the best state-of-the-art facilities in Siam University, furnished with pleasant interior decoration, highly convenient seating arrangements with sophisticated technological devices. The lab consists of two sections, one is called general area where students from all faculties can visit and use desktop computers with high-speed internet connection in order to complete their academic assignments, projects and other educational requirements.

The second section of this lab is allocated for “computer classes” carried out by different faculties at different times, depending on their class schedule and computer lab availability. The lab can accommodate more than 100 students in the general area and more than 80 students in computer lab area.

Highly sophisticated desktop computers are provided by the university to facilitate e-learning because e-learning encourages self-learning to enable students to become independent thinkers/learners/risk-takers in a sheltered environment. It also broadens the horizons of students as it exposes students to the wide world outside.

The students of Siam University need a student ID with the password given by registration department in order to use free internet at this lab and within the campus. The students need to log in the system in order to use internet at the university and log out from the system when they finish their task.

**Timing:**
Mon-Fri (8:30 to 19:00 Pm)
Sat (8:30 to 16:00 Pm)
Sunday and Public Holiday Closed.

**Kitchen Plus Branch at Siam University**

Kitchen Plus is one of the famous restaurant chains in Thailand. It has more than 66 branches around the country. It was established in 2007 with the concept of Banana Leaf or delicious a la carte. Kitchen Plus is mostly renowned for its Thai and
western food. Kitchen Plus at Siam University Branch is opened in 2014 where it can accommodate more than 100 patrons at the same time. This branch is administrated directly by the management of Kitchen Plus.

Kitchen Plus at Siam University has the same kind of excellent food, good interior design. Kitchen Plus price list at Siam University is 10 to 20% lower than from their other branches around Thailand because of university support.

Kitchen Plus is located next to the clock tower just in front of Seven Eleven and behind True Coffee Shop inside the Siam University.

**Timing:**
7:00 am to 7:00 pm (Monday to Saturday).
Sunday and Public Holiday Closed.

**Sky Lounge:**

Sky lounge is the restaurant directly administrated by international hotel and tourism management department of Siam University with the help of its faculty and students. It is the place where students of hotel and tourism faculty are trained as chefs and food and beverage staff to exercise their potential to understand the hotel industry of Thailand. The restaurant is located at 19th Building, 8th Floor just at the right hand side of the elevator. The restaurant has the capacity to serve more than 100 visitors inside and outside of the restaurant at the same time. The restaurant mainly serves Thai and western style food items, but it also offers cultural and native dishes from the courtiers of students.

The restaurant provides a wide range of services to students, teachers and management staff from **12:00 to 2:00 pm** on all working days except weekends and public holidays. The restaurant mostly provides two to three dishes per day.
Canteen 1:

Canteen 1 of Siam University is located at a very strategic and convenient place beside the Seven Eleven and the book store. The canteen provides simple delicious Thai food. It can accommodate more than 250 visitors at the same time. The canteen opens its services from morning and remains opened till late afternoon.

Canteen 2:

The canteen 2 is the main canteen located next to 15th Building or simply behind 12th Building. The canteen can accommodate more than 500 visitors at the same time. This canteen is run by independent vendors under the Siam University guidelines but the canteen food is much cheaper than other food outlets outside. The canteen opens around 8 am and closes at 5 pm.

True Coffee Shop:

True coffee shop is a sophisticated coffee shop located in front of book store very near to the main entrance of the university and it is part of the chain which belong to one of the three top mobile phone companies of Thailand.
Amazon Coffee Shop:
This is also a sophisticated coffee shop which is a part of the famous international chain and owned by PTT the biggest petroleum company in Thailand. The shop is located next to canteen 1.

Other Coffee Shops:
There are several less expensive coffee shops scattering around the university, notably at the Science Faculty Building, Maruey Library and both canteens.

Bangkok Bank:
The Bangkok Bank is the biggest commercial bank in Thailand, with a large network of branches in and outside Thailand. Bangkok Bank Branch at Siam University provides full banking services and produces student ID cards (ATM Cards) to all students of Siam University for use as an identification for every enrolled student and as ATM card. For China, The Bangkok Bank has branches in Beijing, Shanghai, Xiamen and Shenzhen.

SE-ED Book Store
It’s the only bookstore on campus to provide a wide variety of academic and non-academic resources and stationary, including newspapers, magazines and journals.

The book store is part of the national chain and widely famous among the students for its up to date book lists and
the customized items that are sold with the “Siam University Logo”. Some of the customized items are T-shirts, Bags, Umbrellas, Badges and Pens.

**Post office**

The government post office is open from Monday to Friday; between 8.30 am. to 3.30 pm. Location: ground floor of Building 2.

**Sports Center**

Siam University has one of the best sports centers among universities in Thailand. The sports center is located at the back of the university at the left hand corner of the 19th Building, with a large open space for parking.

The sports center serves all the students, teachers and management staff with free basket and volley balls, badminton rackets, and ping pong rackets. Students can borrow these items from the staff and return them back to the staff after finishing their games. The students of Siam University can use the fitness gym and play almost all indoor games inside the center and outdoor games outside the center on the adjoining a big ground. Football can be played by the students outside the center.

The center is not only used for games but it is also a place where different events are organized by the university, such as new students orientation ceremony, graduation parties, job fairs and many more.

The center can accommodate more than 2000 visitors inside at the same time.
The Campus

Siam University campus is conveniently located on Petkasem Road, a main road, in South-West Bangkok and comprises 20 main buildings with a total floor area of roughly 140,000 square metres. It is served by a mass transit line, at Bang Wa Station, and by 2019, 2 more mass transit lines will also reach the university.
